Be Inclusive! – How inclusion of people with disabilities works in SMEs - learning material for job search and employment

MY INCLUSION STORY

During the project, partners collected stories from people with disabilities about their paths to employment. We also collected stories from employers of people with disabilities.

We collected **12 stories**, which you can read on our social media channels. In this newsletter, we are sharing some excerpts with you in the hope that they will inspire you and show you the benefits of employing people with disabilities, both for them and for the organisations they work for.
