POLICY GUIDELINES, PRINCIPLES AND PROCEDURES
ON CHILD PROTECTION AT
CENTRO PER LO SVILUPPO CREATIVO DANilo DOLCI

Version: 1
Date: January 2023
INTRODUCTION

The present document is annexed to the Code of Conduct of Centro per lo Sviluppo Creativo Danilo Dolci (CSC). The document represents CSC’s policy, principles and procedures regulating child protection measures taken by staff members of CSC within the undertaking of their professional roles.

CSC affirms its belief in the rights of all children, including the right to be protected from all forms of violence, abuse, neglect and exploitation and to develop to their full potential, be healthy and happy, as set out in the 1989 UN Convention on the Rights of the Child (UNCRC) and in the Council of Europe Convention on Protection of Children against Sexual Exploitation and Sexual Abuse (Lanzarote Convention, 2007).

Children with whom CSC staff, volunteers, interns, external collaborators and associates come in contact will be assured the rights expressed in the UNCRC. Through its work, CSC aligns with the EU Strategy for the rights of the child and promotes action to support children’s participation in political and democratic life, their economic and social inclusion, their right to health and to education, providing equal opportunities to all children, to prevent violence against children and to protect them from violence, to promote a justice system that responds to the needs of children, to promote a safe digital experience for all children, and to support children globally.

CSC takes the prevention of child abuse very seriously. CSC understands that child abuse and inappropriate contact of children is a pervasive problem throughout the world that must be managed in a proactive manner. Therefore, the writing of this policy shows the commitment to taking proactive steps to protect children in CSC programmes, facilities and networks.

CSC is committed to making decisions and taking actions that are guided by the principle of the “best interest of the child”.
The document counts with six different sections which address

1. definitions used in the policy and CSC’s work,
2. values and principles, which should be respected and promoted by all staff members,
3. screening and hiring practices at CSC,
4. principles of conduct & procedures of staff in contact/working with children,
5. reporting procedures in case of any child abuse concerns staff members may have or suspect,
6. cooperation with external other organisations, networks and agencies.

CSC’s Child Protection Policy is produced by the Child Protection Officer and approved by the Board of Directors. The document is evaluated and updated at least once a year.
1. DEFINITIONS

For the purposes of the present policy, the following definitions apply:

- **Best Interest of the Child (BIC)**
  It is a threefold concept: a right, a principle and a rule of procedure based on an assessment of all elements of a child’s or children’s interests in a specific situation both in the public and private sphere which must be determined on a case-by-case basis taking into consideration their personal context, situation and need. Accordingly, the concept of the child’s best interests is flexible and adaptable. The concept of the child's best interests is aimed at ensuring both the full and effective enjoyment of all the rights recognized in the 1989 UN Convention on the Rights of the Child (UNCRC) and the holistic development of the child. The full application of the concept of the child's best interests requires the development of a rights-based approach, engaging all actors, to secure the holistic physical, psychological, moral and spiritual integrity of the child and promote his or her human dignity.\(^1\)

- **Child**\(^2\)
  Every human being below the age of eighteen years old.\(^3\)

- **Child Protection**
  The prevention and response to violence, exploitation and abuse of children in all contexts.\(^4\)

- **Child participation**
  Child participation means that children, any person under the age of 18 years, individually or in groups, have the right, the means, the space, the opportunity and, where necessary, the support to freely express their views, to be heard and to contribute to decision making

Specifically, CSC defines it but is not limited to the following:

- **Physical child abuse**
  Physical abuse is an injury deliberately inflicted upon a child by any person, including adults. Physical abuse includes fractured or broken bones, burns, severe and/or frequent bruises, and any other intentionally inflicted physical harm.⁷

- **Child emotional abuse**
  Emotional abuse happens when a child is repeatedly made to feel worthless, unloved, alone or scared. For instance: continually ignoring or rejecting a child, physically or socially isolating a child, forcing a child to do things by scaring them, constantly criticizing, humiliating or blaming a child, constantly swearing, yelling or screaming at a child,
